For Music Students. From the Philadelphia Record, May 13, 1901. A girl drew a small crowd around her in an "amusement parlor" the other day by her actions in front of a slot machine symphonette. She was listening intently to a song the graphophone was reproducing and from time to time would hum the song she was hearing. When it was finished she would put in another coin and hear it all over again. At times she became so intent as to sing quite loudly, but what most attracted attention was her air of business. When she had the song repeated four or five times she left the establishment without paying any attention to any other of the numerous attractions.

"She has been in nearly every day lately," said an attendant. "She is simply learning the song, as she has some others. Whether she is an actress or an applicant for a position in an amusement bureau or what I don't know. But she's not the only one. Others come here for the same purpose, and even when they sing pretty loud themselves we let them alone for it attracts business."

Death of W. P. Dupuy. The Hon. W. P. Dupuy died last Friday night at his home in Roanoke of Bright's disease. He had been sick a long time, and had just returned to Roanoke from his old home at Worsham the Saturday before, where he had been for a few days with the hope that the change would be of benefit to his serious condition. He grew worse, however, from the time he arrived, and all the faithful care of a loving wife and the constant attention of physicians were without avail.

Mr. Dupuy was a native of Prince Edward county, born on the 5th of April, 1845, and educated at Hampden-Sidney College. He entered the Confederate army in June, 1863, and was paroled after the surrender of Lee at Appomattox. He was twice wounded and made a most excellent record as a soldier.

He married Miss Sofia Booker, of Charlotte county, and remained a resident of Prince Edward for years afterwards. He served this county for two terms in the State Legislature, and was held in high esteem by members of both the Democratic and Republican parties as evidenced by his election to the Democratic ticket at a time when the Republicans held full sway in Prince Edward as well as in the entire "black belt" of Virginia. After removing to Roanoke he won his way to prominence and was made the postmaster of that thriving city under Cleveland's administration. When removed from that position by the Republicans he was sent from Roanoke to the Legislature where he served his constituency faithfully and well. He was noted for his kind-heartedness and large generosity and his death is generally regretted. At the time of Mr. Dupuy's death he was adjutant in William Watt's Camp Confederate Veterans.

The remains were brought to Farmville last Sunday morning in a special car furnished by the Norfolk and Western Railway Company, accompanied by a number of Roanoke friends and the family. The flag on the postoffice at Roanoke was by order of the postmaster, lowered to half-mast as a token of respect to the dead. There were a number of beautiful floral tributes, one of which was a cross furnished by the employees of the postoffice, who were in the service under Mr. Dupuy's administration as postmaster.

At half-past 5 o'clock Sunday afternoon, the remains were taken from the special car at the foot of Main street and tenderly borne to the Presbyterian church where short services were held and afterwards a long procession followed them to their last resting place in the Farmville cemetery. The pall-bearers were as follows:

Active—C. C. Tallaferra, Prof. B. Rust, Col. S. S. Brook, Captain Mitchell, W. T. Carpenter, R. E. Scott, T. H. Dickinson and A. T. Hooper.

Honorary—Prof. Staples, Judge A. D. Watkins, Judge J. M. Crute, Prof. J. R. Thornton, J. M. Hart, J. F. Walton, S. W. Watkins, E. G. McGeehe and Major A. R. Venable, Jr.

The snake was of the species commonly known as "cow sucker," and measured five feet and eight inches in length.

Proofs. In my last article I made two assertions.

(1). That we are unfair and untruthful in our teaching of Bible doctrines.

(2). That the Bible is not infallible—that everything in it is not necessarily true and from God.

With God's help I should rejoice to talk on these, for the need is great, and in a paper we must be brief. Today I shall limit myself to the first. Our Unfairness in Bible Study, to one subject—The Sabbath; and to merely a few illustrations of our unfaithfulness in teaching about it. I am not pretending to give a full discussion of it myself; not one hundredth of all the passages of the Bible that concern it.

Let us take then the Doctrine of the Sabbath, around which gather so many practical questions; not dinners on Sunday, buying ice, company, calling, working on a train, in a postoffice, studying, playing games, playing, driving, boating; saving a threatened crop, keeping Sunday instead of Saturday, and many other questionings that occur to every earnest man or woman.

I shall not argue any of these questions; I shall only quote a few passages of the Bible that show how little we seek to discover the real truth; for have you ever heard them publicly taken into account? Yet they belong in the foundation. Hear St. Paul:

"Let no man, therefore, judge you in meat or in drink or in respect of a feast day or a new moon or a Sabbath day; which are a shadow of the things to come."—Colossians 2:16.

"One man esteemeth one day above another; another esteemeth every day; Let each man be fully assured in his own mind. He that regardeth the day regardeth it to the Lord; and he that eateth eateth unto the Lord, and he that giveth giveth to the Lord; and he that eateth not, to the Lord he eateth not, and giveth God thanks." * * * Let us not, therefore, judge one another any more, but judge this rather that no man put a stumbling in his brother's way. * * * Destroy not with thy food him for whom Christ died. * * * It is good neither to eat flesh nor to drink wine nor anything whereby thy brother stumbleth. Nor we that are strong ought to bear the infirmities of the weak and not to please ourselves."—Romans 14.

I quote at length, for how the honest dealing with one subject leads us on to another!

"And while the children of Israel were in the wilderness, they found a man gathering sticks upon the Sabbath day. * * * And the Lord said unto Moses, 'The man shall surely be put to death.'"—Numbers 15:32.

Are you prepared to go under the law of Moses?

"(It the Sabbath, the seventh day) is a sign between me and the Children of Israel forever, for in six days the Lord made heaven and earth, and on the seventh day he rested, and was refreshed."—Exodus 31:17.

Hear Jesus when he said for healing on the Sabbath: "My Father worketh even until now, and I work."

"And they returned and prepared spices and ointments. And on the Sabbath day they rested according to the commandment. But on the first day of the week they came to the tomb bringing the spices which they had prepared. And they entered in and found not the body of the Lord."—Luke 23:56.

They would not bury Christ on the Sabbath—Saturday. "It is lawful to do good on the Sabbath day."

"The Sabbath was made for man, and not man for the Sabbath."

"Jesus said unto him: Arise, take up thy bed and walk. * * * The Jews said unto him that was cured: It is the Sabbath, and it is not lawful for thee to take up thy bed. * * * And for this cause did the Jews persecute Jesus, because he did these things on the Sabbath. But Jesus answered them, My Father worketh even until now, and I work. For this reason the Jews sought the more to kill him, because he not only was breaking up the Sabbath but was calling God his own Father, making himself equal with God."—John 5:1-15.

How one subject joins with another! What good man would not long ready to study the Bible? What a privilege an honest, earnest, humble, prayerful Bible class! How subject after subject comes before us, one involving the other, affecting the minutest affairs of our daily life and opening before us the Kingdom of God!
